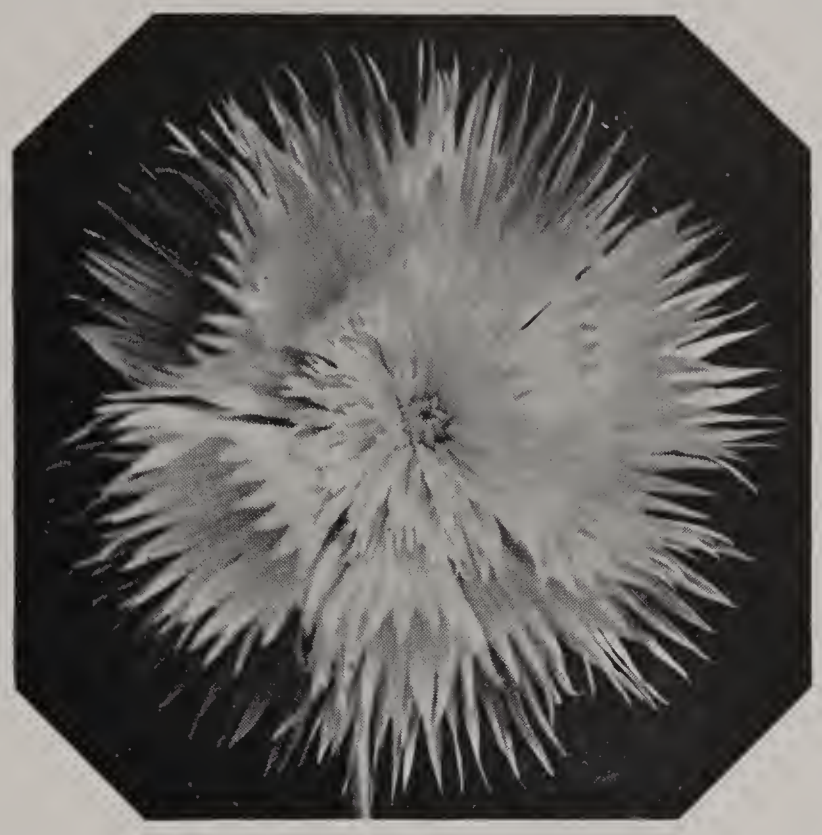
Trial Ground in Full Bloom

Once again

it is a pleasure to send you our announcement of "Macdonald's Best" Flower Novelties, introduced for the 1940 season. New and outstanding novelties are proving to be natural leaders for all wide-awake Seedsmen. Order your share now, and cash in on a wider margin of profit by pushing the sale of all novelty items. Also included in this booklet are a number of popular recent introductions. Photographs and mounted electros can be supplied at cost.

Cross-section of our Trial Ground



CENTAUREA IMPERIALIS LAVENDER BEAUTY

Flowers of a soft feathery texture, colored light lavender with a creamy white center—that is a fitting description of **Centaurea Lavender Beauty.**

Its flowers are larger than other Imperialis type Centaurea and reach a size of 3 to 3½ inches. Heavy lateral branches give **Lavender Beauty** excellent cut flower possibilities and this delicately beautiful color will soon be a great favorite.

Lavender Beauty is especially useful for the home gardener, as it is an easily grown annual that blooms over a long period.

Price per oz. 1.30 Per lb. 15.00

PETUNIA NANA ERECTA "BLUE VIOLET"

A new color in Petunias — "Blue Violet" is a shade deeper than Periwinkle and is several tones lighter than Violacea.

This shade of deep blue has the desirable quality of being able to keep its color under our bright California sun, when the other blues all badly fade out.

Blue Violet is compact in form and very floriferous. The effect of its flower is emphasized by deep creasings spreading fan like from the throat and a perfectly moulded five pointed edging.

Price per oz. 2.50 Per lb. 30.00

MARIGOLD DWARF FRENCH SCABIOUS FLOWERED

"ORBIT"

"One of the brightest little annuals in your ten acre experimental garden," was the comment of one visiting Seedsman regarding **Orbit,** our new dwarf scabious type Marigold.

Orbit grows to a height of 11 inches, is very free flowering, and the compact little plants are excellent for border and bedding purposes.

Orbit's quilled center is colored a deep golden yellow, with a perfect background of reddish brown guard petals. The doubles percentage is in the high nineties.

In comparison to Coronet, **Orbit** is exactly similar in color and form of flower—but is very dwarf and compact in habit. Coronet grows about seven inches taller than **Orbit.**

Price per oz. 2.00 Per lb. 25.00

VERBENA HYBRIDA GRANDIFLORA FLAMINGO

Verbena Flamingo will soon carve a niche for itself as a popular variety in the Hybrida Grandiflora group. **Flamingo** is a mammoth flowered variety with a head of florets that is over two inches deep. Its vivid rose pink color shows up to perfection on the large individual florets.

Flamingo has the semi-erect grandiflora habit and is a heavy producer of long stems and large flowers. Ten to twelve stems are found on each plant and each carry two, three and four flowers.

We recommend **Flamingo** as a splendid bedding annual with a long flowering season and a hardy, robust habit. It is also a desirable cut flower that will give much pleasure for table decoration.

Price per oz. 1.60 Per lb. 20.00

STOCK GIANTS OF CALIFORNIA MOJAVE

(Mo-ha-ve)

From the purple sage of Mojave desert, comes the name for this latest addition to our popular Giants of California strain of Stock.

Mojave is a rich velvety purple or Elk's Pride color. This fine deep shade is emphasized by immense florets tightly clustered on a long center spike—such as is found only in this strain of Stock.

Most important to the growers of good Stock is the doubles percentage. **Mojave** will please even the most meticulous, as it flowers better than 70% doubles! Height, habit, blooming period, etc., are similar to the other Giants of California varieties.

Price per oz. 2.50 Per lb. 30.00

NEW SUMMER FLOWERING SWEET PEAS

SWEET AFTON

Sweet Afton is a very vigorous, heavy stemmed variety and the Standard Spencer counterpart to our popular Winter Sweet Pea Bridesmaid.

Its deep silvery pink color makes it an excellent exhibition Sweet Pea. This bright color shows off equally as well under artificial light as it does growing in our field. **Sweet Afton** will also be popular with the home gardener, who is always looking for a vigorous, and delicately beautiful color to show his friends

Price per oz. .65 Per lb. 7.50

GLOAMING

Gloaming is one of the finest seedlings we have ever produced. Colored a light salmon pink, with a cream ground, **Gloaming** throws large duplexed flowers on pencil stems—and the majority of the time four blooms to a stem!

Gloaming's flowers have a delightful wavy form that enables one to gather the most beautiful bouquet imaginable. After once flowering this outstanding Summer Sweet Pea Novelty, the home gardener will surely never be without it.

Price per oz. .65 Per lb. 7.50

INTERMEDIATE FLOWERING SWEET PEA

STERLING

Sterling is a large duplexed salmon rose and is vigorous enough to be called an Intermediate flowering sort. We believe this novelty can be planted immediately following the Mums for Spring flowering under glass.

An abundant array of four and five graceful duplexed flowers, on strong heavy stems, are found in this splendid new Sweet Pea. Each flower is beautifully formed and of almost a self color, having only a trace of silvery-white in its base. R. H. S. Color Chart 28/1.

Price per ¼ lb. 2.50 Per lb. 10.00

LARKSPUR COCKADE SALMON PINK

Typical of the new Cockade strain, **Salmon Pink** is a very compact grower and produces ten to twelve heavy base branching spikes of florets.

Its color is a soft salmon pink, with enough brightness in its make-up to be very showy under artificial light. Each individual floret is full double and closely spaced on an eighteen to twenty inch spike of florets.

Cockade Salmon Pink is especially recommended for the florist grower, as it is a light color with good substance and an excellent flowering habit.

Price per oz. 1.00 Per lb. 12.50

STOCK EARLY COLONIAL

Here for the first time is a tall and really exclusive branching type of Stock. This new **Early Colonial** strain blooms about two weeks earlier than the Perpetual Branching class and grows to a height of 30 to 36 inches in our field.

Unlike the Giants of California and Improved Bismarck types, our new Early Colonial stock does not produce a center spike — so therefore requires no pinching to make it branch. From the base of each plant, eight to ten heavy thirty inch branches spread out and produce a plant twenty inches in diameter.

Typical Early Colonial Plant Coming Into Bloom

Large two inch florets are typical of this new strain, and they form clusters or spikes fifteen inches long. The doubles percentage runs as high as our Giants of California Class, averaging better than 70%.

We recommend this **Early Colonial** strain as a great improvement over all other types of Stock now being grown; when long branches are required, with no center spike.

Mayflower, red rose
Priscilla, silvery lavender
Puritan, pure white

Price per oz. 2.50 Per lb. 30.00

VERBENA ERECT COMPACTA CARMINE BOUQUET

Among the several types of Verbenas familiar to the retail Seedsman, the erect Bouquet type is undoubtedly most popular for cut flower purposes.

Carmine Bouquet is outstanding in this upright growing strain. It has a very compact form of growth, producing ten to twelve tall twenty inch branches. Its color is a striking deep carmine, with a large white eye making a beautiful contrast to the rugged carmine tones.

Each of the upright stems bear large heads of florets that measure a good three inches across. **Carmine Bouquet** is certainly a cut flower of distinction and will soon be a popular florists' variety.

Price per oz. 1.60 Per lb. 20.00

MARIGOLD TALL DOUBLE FRENCH

"WINTER HARMONY"

Marigold Winter Harmony is an entirely new type for winter flowering in the greenhouse. It is of the quilled scabious type with a single row of reddish brown guard petals, encircling a golden orange quilled center—with mahogany brown dots on the tip of each quilled petal.

Winter Harmony makes a uniform growth of three feet in our field and produces 100% double 2½ inch flowers. We believe it is destined to replace Lieb's, as the flowers are larger and of the new and popular harmony type.

Price per oz. 1.30 Per lb. 15.00

MARIGOLD DWARF COMPACT SCABIOUS TYPE MIXED

This new dwarf mixture in the French type Marigold should achieve immediate popularity. Its plants are compact 11 inch mounds of quilled Scabiosa like flowers, that come in fanciful shades from lemon yellow to dark red. Many plants have the two tone effect of a quilled golden center and dark red guard petals, similar to our 1940 novelty "Orbit."

This new dwarf compact mixture is best suited for borders and bedding—however, as the plants are all of the new Scabious type, they should also be popular for pot work.

Price per oz. 1.30 Per lb. 15.00

MARIGOLD SEMI-DWARF SCABIOUS TYPE MIXED

An excellent Harmony type Marigold that grows 18 to 22 inches tall. This added length over the above "compact" growing group, gives the Semi-dwarf class attractive cut-flower possibilities.

Its colors cover the usual range found in a French mixture, with many new shades and tones made possible through its Scabious quilled like form of flower. The desired two tone effect is carried out to perfection by the guard petals and center, which will enhance its market from a commercial angle. We whole-heartedly recommend these two new Scabious type mixtures and believe they will soon displace the old Dwarf French Marigold mixture.

Price per oz. 1.00 Per lb. 12.50

NEW
EARLY FLOWERING SWEET PEAS

"HIAWATHA"

Hiawatha is a deep rose self and a color that has very good substance. Its flowers are exceptionally large and bold faced, with a bit of white ground showing at the base of standard and wings.

Hiawatha is long stemmed and throws a profusion of four blooms to a stem. Those who seek vigor, size and beauty in Sweet Peas have no further search, as Hiawatha combines all of these requisites. R. H. S. Color Chart 27/1 self.

Price per ¼ lb. 2.50 Per lb. 10.00

"CAVALCADE"

From the golden west comes this new rich golden cerise Sweet Pea. It is a white ground selection from our popular Sequoia and as it holds only to this light base, the color is much brighter.

Cavalcade is a vigorous grower and produces heavy stems with four flowers on each. Its standard is broad and wavy, and forms a perfect background for the ruffled wings which curve gently around the keel. **Cavalcade** reaches perfection under artificial light. R. H. S. Color Chart 22/1.

Price per ¼ lb. 2.50 Per lb. 10.00

"HORTUS QUEEN"

Hortus Queen has the most perfectly formed Spencer type of flower in our extensive Trial Ground. Its widespread standard is ruffled or pleated along the edge, and the wings are also daintily ruffled and softly encircle the keel.

Hortus Queen is a bright rose, with a deep cream ground—gradually toning down at the base of standard and wings. It is a very vigorous grower and produces pencil like stems. R. H. S. Color Chart 27/1, toning to a deep cream base.

Price per ¼ lb. 2.50 Per lb. 10.00

ACROCLINIUM SENSATION GIANTS

A florist flower *par excellence* — this new strain of Acroclinium produces flowers half again larger than any existing strain and grows six to eight inches taller.

Each flower is full double and will average a good three inches across. Its colors range from medium rose to light pink shades.

The additional height of these **Sensation Giants** give added length to the stout lateral stems, and make them an important florist cut flower. Many times a cluster of six to eight flowers are found on one stem, and closely resemble a Comet type Aster plant.

Acroclinium Sensation Giants is a hardy early blooming annual that is also highly recommended for the home gardener. Picked in the bud and hung out to dry, they will last indefinitely and can be a source of enjoyment during the winter months when few flowers are available.

Price per oz. 1.30 Per lb. 15.00

A Review

of recent Novelties
introduced by ourselves
and other
Flower Seed growers.

MARIGOLD DWARF AFRICAN FLORIBUNDA ORANGE

Plants range in height from 12 to 15 inches and freely produce large carnation type flowers, similar in color to Guinea Gold. **Floribunda** is an excellent border plant, as it makes an even growth and is a continuous bloomer.

Price per oz. .65 Per lb. 7.50

COSMOS EARLY SINGLE SENSATION TYPE

The **Single Sensation** Cosmos is rapidly becoming one of the Florists' most popular cut flowers and we are pleased to offer this Cosmos in separate colors of **Crimson, Pink** and **White.** We have large field plots of these colors grown from selections made from the originator's stock. The plants are very free flowering and produce large 4 to 6 inch flowers.

	Per Oz.	Per Lb.
Sensation Cardinal	.80	10.00
Sensation Pinkie	.30	4.00
Sensation Purity	.30	4.00
Sensation Mixed	.25	3.00

DELPHINIUM PACIFIC GIANTS STRAIN

King Arthur Series—Brilliant royal violet with large white bee. Florets 2½ inches across. Long graceful spikes, excellent for cutting. Mildew resistance from 80 to 90 per cent.

Guinevere Series—Light pink lavender self with white bee. Florets 2½ to 3 inches in diameter. Heavy spikes and good branching habit. Mildew resistance 50 to 70 per cent.

Summer Skies Series—Clear light blue with white bee. 2½ inch florets. Thin woody stems and small foliage. Makes good cut flower. Mildew resistance 40 to 60 per cent.

Clear White—Clear, glistening white with heavy texture. Florets large and well placed on strong spikes. Not mildew resistant.

Price per oz. 8.00 Per lb. 100.00

PETUNIA HYBRIDA TOPAZ ROSE

A fiery velvety rose, having a brilliancy seldom seen in Petunias. **Topaz Rose** is a welcome addition to the Hybrida group, as it will neither fade nor burn under the most intense sunlight. Its color tones are slightly suffused with gold which give it the fiery appearance.

Price per oz. 2.00 Per lb. 22.50

LARKSPUR TALL BRANCHING GRANDEE

Grandee is similar in color to Lustrous Carmine, but produces 100% double plants with long flowering spikes. We almost called this fine novelty an Improved Lustrous Carmine; however, it is such a vast improvement over the older variety in size of flower and doubleness, that it deserved introduction under a new name.

If you require a vivid carmine in the Branching type of Larkspur, we heartily recommend that you try **Grandee.**

Price per oz. .40 Per lb. 5.00

NIEREMBERGIA HIPPOMANICA

Dwarf compact plants covered with scores of little cup shaped flowers, of a striking bluish lavender color. Its blooming period is longer than any other flower in our Trial Ground, as it will bloom from the time it is a few inches high, until it is cut back in the Fall. This floriferous little plant thrives in a dry soil and is ideal for border work.

Price per oz. 20.00

CALLIOPSIS DRUMMONDI SEMI-DOUBLE

"GOLD CREST"

This fine Novelty is a big improvement over the old Golden Wave. Its blooms average between 2½ and 3 inches across and come with a double row of petals. **Gold Crest** is a rich golden yellow color with a reddish brown zone.

Price per oz. .15

Per lb. 1.50

MORNING GLORY SCARLETT O'HARA

Scarlett O'Hara is a rich dark wine red or deep rosy crimson color. It is a free flowering and fast growing annual that produces 4 inch flowers. It starts blooming within 70 days after planting and will continue until the first frost. Foliage is light, but typical of Morning Glories or Ipomeas. Gold Medal A. A. S.

Price per oz. 1.30 Per lb. 15.00

MARIGOLD AFRICAN GOLDEN GLOW

"ODORLESS FOLIAGE"

Golden Glow is a bright golden-yellow color and produces 2½ inch flowers on 26 inch plants. The blooms are full double and consist of hundreds of long tapering petals. **Golden Glow** is an excellent cut flower as it throws heavy branches with clusters of six and eight flowers on each. People objecting to the usual strong Marigold odor, will be very pleased with this new odorless novelty.

Price per oz. .80 Per lb. 10.00

MARIGOLD DWARF FRENCH SCABIOUS FLOWERED

CORONET

Coronet is a recent development off the ever popular Harmony type. It has the usual dwarf habit growing about 18 inches tall and makes a very even growth. The flowers vary in size between 1½ and 2 inches and come about 95% double. Each flower has a single row of reddish brown guard petals, with a quilled deep golden yellow center. The guard petals are outlined with a thin stripe or band of yellow.

Coronet will be useful for both cutting and bedding—as the plants are very uniform and throw stems 12 inches long.

The quilled center of **Coronet** is a deeper golden yellow than that of Golden Harmony, and **Coronet's** collar petals are a pleasing shade of reddish brown. The above illustration of Golden Harmony is identically similar to **Coronet**, excepting of course that it lacks the brown guard petals.

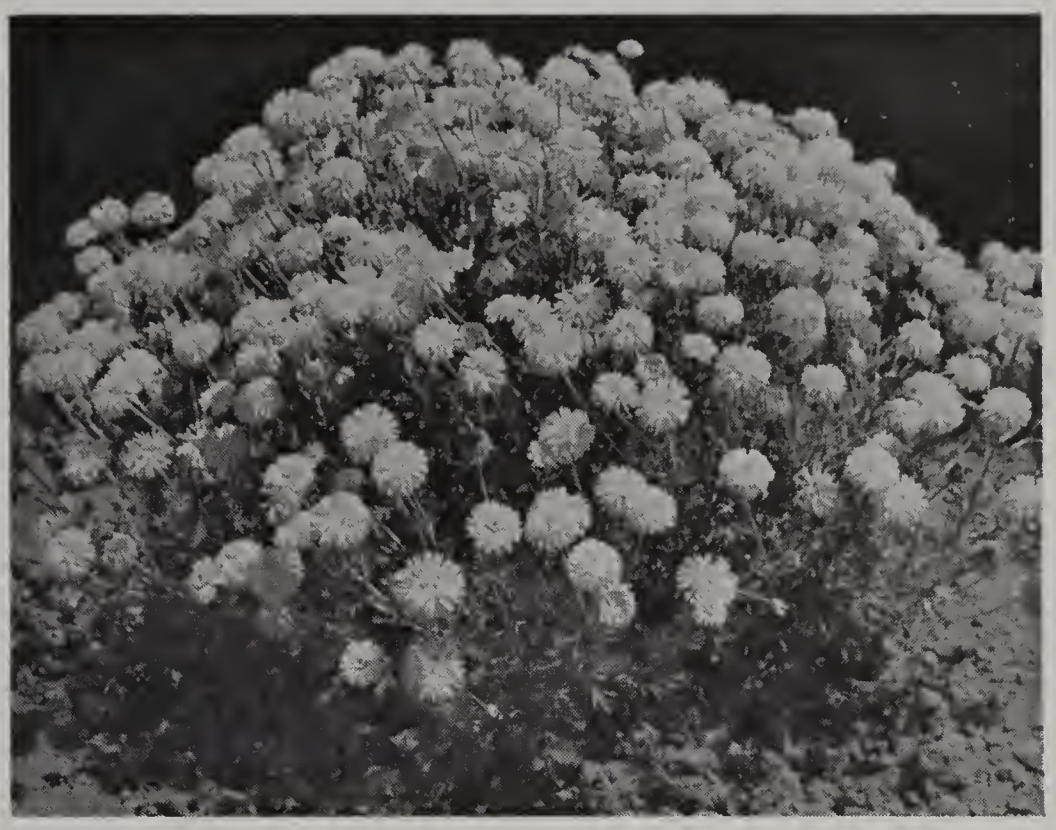
Price per oz. .40 Per lb. 5.00

GOLDEN HARMONY

Growing only to a height of 11 inches and being very compact in form, **Golden Harmony** is ideally fitted for both border and bedding purposes. Each flower is of the quilled scabious type and has a single row of broad guard petals on the outer edge. The color is a luminous golden yellow—both the quilled center and the guard petals hold to the same bright color.

Golden Harmony is very floriferous and is literally covered with hundreds of 2 inch flowers. It produces fully 100% double plants. The blooming period begins as early as the regular Harmony and we believe it will soon be as popular.

Price per oz. .40 Per lb. 5.00



CHRYSANTHEMUM GOLDEN CROWN

Golden Crown has the robust constitution of the Coronarium varieties, making vigorous well-branched plants three to four feet in height. It is a free producer, has attractive silver-green foliage and bright butter-yellow flowers. The petals of each flower are quilled in shape, which increases the decorative value of this popular little annual. **Golden Crown** produces 100% double plants.

Price per oz. .60 Per lb. 7.50

ASTER KING OR NEEDLE TYPE

Flowers are large and full, with strong needle like petals that make them excellent for shipping. Plants produce seven to ten blooms on heavy stems.

King Rose	.40 oz.	5.00 lb.
King Violet	.40 oz.	5.00 lb.

CALENDULA GOLDEN SHAGGY

Another very interesting novelty is a new golden colored Shaggy type Calendula. This informal Calendula is identically similar to Orange Shaggy in appearance — with long deeply fringed petals growing out in a very irregular manner. It is also very thick through the center of the flower. The plants grow between 18 and 20 inches tall, with long stems and large 3½ inch flowers. We believe that this new gold color will achieve immediate popularity in this very popular cut flower.

Price per oz. .25 Per lb. 3.00

MORNING GLORY

CLARKE'S EARLY HEAVENLY BLUE

Clarke's strain of **Heavenly Blue** is the earliest flowering variety, and probably also the most floriferous. In the early morning, the sky blue color of Heavenly Blue is probably the most admired in any garden. Its flowers range in size from 4 to 6 inches and stand well out from the foliage. **Heavenly Blue** should be planted in a sandy location late in the Spring, and watered very sparingly.

Price per oz. .30 Per lb. 3.50

NASTURTIUM DOUBLE DWARF EMPEROR

Art shades — Sulphur yellow, to buffs, peach red, salmon and shades in between. Excellent dwarf habit, no runners.

Flame Emperor — Scarlet red suffused with gold. Glistening dark green foliage. Large double flowers.

Golden Rose Emperor — Deep rosy-orange, with dark mahogany spots on throat. Dark foliage.

Scarlet Emperor — Double form of Empress of India. Large double flowers, dark green leaves.

Sun Emperor — Straw yellow shading to amber yellow. Red Spur. Dark green foliage.

Price per oz. .15 Per lb. 1.50

CENTAUREA CYANUS DWARF

LILAC LADY

Lilac Lady is a counterpart in habit to the popular Cornflower Jubilee Gem, with flowers of an attractive shade of bright lilac-mauve. **Lilac Lady** will make an ideal potted plant, and is also well adapted for border and edging purposes.

Price per oz. .60 Per lb. 7.00

RUST RESISTANT ANTIRRHINUM MAJUS GRANDIFLORUM

PINK GLORY

Pink Glory is a much needed and often asked for color in the Rust Resistant group of Antirrhinum. Growing between 28 and 30 inches tall in our field — and producing long base branching spikes containing 15 inch clusters of salmon rose florets — **Pink Glory** should attain immediate popularity as a cut flower.

Each flower is large and well formed, of a pleasing shade of deep salmon rose. Ridgway's classification of this color is a spinal pink.

Price per oz. 1.20 Per lb. 15.00

ROSETTE

Rosette is a rich deep rose color, producing mammoth flowers on long tapering spikes. Both the face of the florets and the throat hold to the same pleasing shade. Its height is typical of the Majus Grand. group, and habit is that of the base branching. **Rosette** will be a welcome addition to the Rust Resistant class, which has suffered badly from the lack of a good deep rose.

Price per oz. 1.20 Per lb. 15.00

COSMOS DOUBLE SENSATION MIXED

Here is an extra Early Sensation Cosmos in a beautiful new double form. Coming in colors of white, pink and crimson, this new double Cosmos is also similar to the single Sensation in height and other habit characteristics.

Two forms of double flowers are found in this new Sensation group and both will average between 4½ and 5 inches across — the regular double crested and the newer and novel fluted types.

The doubles percentages runs a bit higher than the smaller double crested Cosmos, as the seed of this novelty is all handpicked from double plants only.

Price per oz. 5.00 Per lb. 60.00

SUMMER FLOWERING SWEET PEAS

SWEET PEA CRONY

An exhibition Sweet Pea of the first rank! Large flowers on long stems, tinted a soft golden salmon — that is a description befitting only the best and is a grower's opinion of our new Sweet Pea, **Crony.** This fine Sweet Pea is a very strong grower and will be ideal for the home gardener. **Crony received** a Certificate of Merit in the 1938 Scottish Sweet Pea Trials.

Price per lb. 1.50

SWEET PEA WINDSOR BLUE

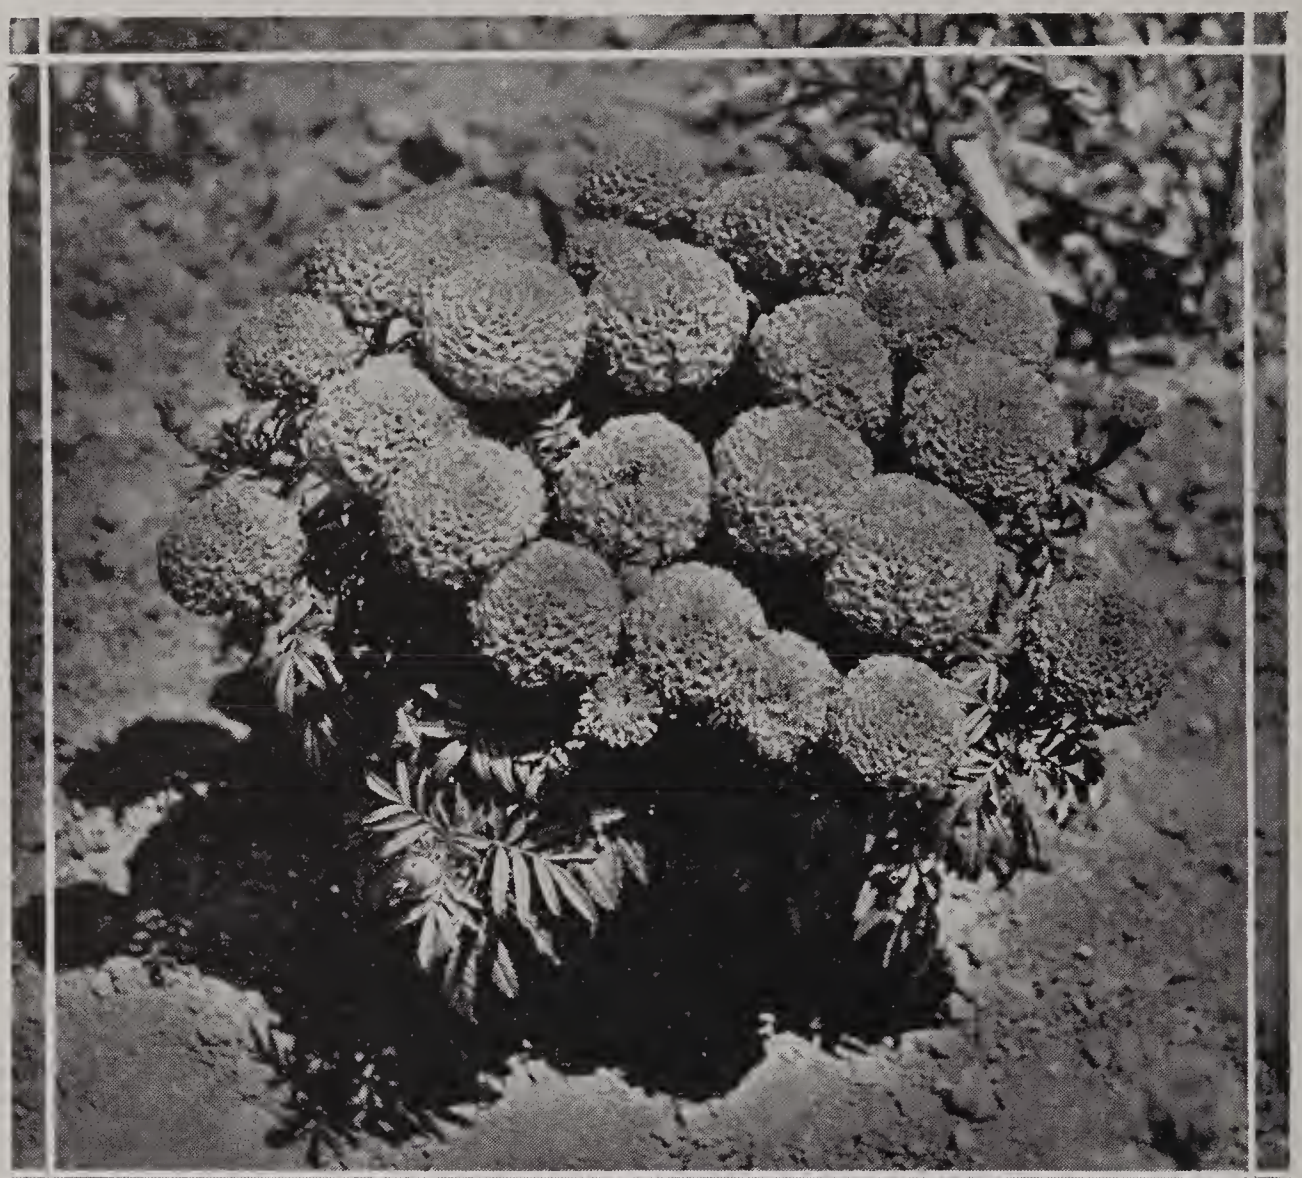
A fine clear mid-blue that throws immense flowers on long, stout stems. This novelty is probably the strongest growing clear blue yet to be introduced.

Price per lb. 1.50

SWEET PEA SNOW WHITE

Snow White is a solid paper white and is a black seeded variety. It produces very strong vines and throws long pencil stems. The usual pink tinge that most whites have is quite noticeable by its absence in **Snow White,** whose flowers are equally as large as those of Gigantic.

Price per lb. 1.50



MARIGOLD AFRICAN LITTLE GIANTS MIXED

Little Giants throws blooms varying in form, from the informal carnation type to the perfect Fistulosa globe. The plants are very closely compact and the stems short. Its foliage is a beautiful dark bluish green.

Little Giants is strongly recommended for bedding and pot plants, especially the latter — as it will bloom a head of twenty flowers all at the same time. Color ranges from a yellow to a very bright orange, with many shades in between.

Price per oz. .80 Per lb. 10.00

MARIGOLD AFRICAN LITTLE GIANTS ORANGE

Dwarf compact 15 inch plants blooming a head of twenty-five flowers and coming about 90% true to type. All double orange throws large four inch flowers of both the carnation and fistulosa type. It is the first separate color in this new dwarf type of Marigold.

Price per oz. .95 Per lb. 12.00

MARIGOLD CHRYSANTHEMUM FLOWERED

EARLY DIXIE SUNSHINE

Flowers are similar in form to the original Dixie Sunshine, but bloom early enough to be useful for Northern gardens. Each flower, with its curled and interlaced petals, resembles a miniature Chrysanthemum. **Early Dixie Sunshine** blooms in about 15 weeks from seed, so can easily be flowered even in the most northern state.

Price per oz. .80 Per lb. 10.00

LARKSPUR GIANT IMPERIAL DAINTINESS IMPROVED

A deeper shade of lavender blue, coming in larger and more fully double flowers on longer spikes. This improved form of Daintiness will be gladly received by those who formerly had trouble with this color fading out under adverse conditions.

Price per oz. .40 Per lb. 5.00

LEUCOCORYNE IXIODIES ODORATA

(Glory of the Sun)

A rich, striking blue with white eye. The flowers form a head or cluster on a single stem, which branches only from the base of the plant. Its beauty and fragrance are unsurpassed when planted solid in a bed.

Price per oz. 5.00

CYNOGLOSSUM FIRMAMENT

Firmament is a dwarf mutation out of Cynoglossum Amabile Fairy Blue. Its habit is bushy and is grows to a height of 18 inches. **Firmament** has typical Forget-Me-Not flowers of a rich blue color and is an easy to grow, hardy annual. Bronze Medal 1939 A. A. S.

Price per oz. 1.75 Per lb. 20.00

GODETIA DWARF COMPACT RUBY

Imagine a compact little plant 12 inches tall and 18 inches in diameter covered with hundreds of deep ruby red flowers! That is the striking appearance made by **Ruby,** our new dwarf Godetia Novelty. This delicately beautiful little plant is ideal for borders and will make a very desirable bedding annual.

Price per oz. .50 Per lb. 6.00

LARKSPUR TALL BRANCHING TEMPEST

Tempest represents a color often asked for in this group, as it is a shade deeper than Lilac and several tones lighter than Dark Blue. Its color is best described as a mid-blue. The florets on **Tempest** are of the round petal type, which give it the necessary full double appearance. The flowering trusses are longer than usual and are produced on strong lateral branches.

Price per oz. .40 Per lb. 5.00

PETUNIA HYBRIDA HOLLYWOOD STAR

Hollywood Star is a charming shade of rich rose with an amber throat. This Petunia is unique in the form of its flower, which consists of a five pointed star. **Hollywood Star i**s a vigorous growing garden variety, early and very free flowering.

Price per oz. 2.00 Per lb. 25.00

STOCK TRIAL GROUND

This contained over 1500 single plant selections and was conducted in addition to our regular flower Trial Ground.
